This reading guide is designed as a study-through the Bible in three years. The readings are given for the days of the week, undated so that it might be begun at anytime. The study is by books generally alternative, an Old Testament and then a new Testament one.
SUGGESTED DAILY PLAN

Read with purpose. Although only one passage is listed, gross of God's truth are unlocked through meditation. By writing down your answers to the questions suggested, you can better remember these truths. Try to determine the meaning of the words you read. This will lead to other passages of parallel thought. Consider what truths the passage contains about man's relation to God. Still further consider what light they throw on Christ's saving work or vice versa. At least once a week you might select one truth God has revealed for particular application. Whether something to believe or to perform, put down in your own words what the truth is, then record a confession of your failure regarding this truth, and finally write out what you are going to do about it.

"I thought on my ways, and turned my feet unto thy testimonies."
-Psalm 119:59

We acknowledge our gratitude to the late Dr. Jesse Mitchell, pastor, missionary, and devoted Bible student, for preparing this series of Bible readings and questions.
